Summary

I am a motivated technology enthusiast seeking to apply my technical skills and creativity in a growth-oriented organization. With a strong foundation in computer science and engineering combined with practical experience through projects, I am eager to contribute to organizational success. My dedication to continuous learning and improvement drives me to support my team and achieve shared goals

Soft Skills

- Communication Skills
- Teamwork & Collaboration
- Problem-Solving Ability
- Time Management
- Adaptability
- Quick Learning Ability

Education

Bachelor of Technology in Computer Science and Engineering
Govind Ballabh Pant Institute of Engineering and Technology

2022-2026 Pauri, Uttarakhand CGPA - 7.59

High School

KendriyaVidyalaya O.L.F

2019 Raipur, Dehradun 96.8%

Senior Secondary

Kendriya Vidyalaya O.L.F

2021 Raipur, Dehradun 95.2%

PROJECTS

Educational LMS

Multi-document and Internet based plagiarism- detection system [GitHub](#)

- Built a Flask-based plagiarism detection system with triple-layer detection: Winnowing fingerprint hashing for database scans, Gestalt pattern matching for peer-to-peer comparison, and live internet scanning via Tavily Search API
- Integrated Google Gemini AI for auto-generated investigator reports with sentence-level match breakdown and per-source similarity scoring
- Designed role-based multi-user system with course management, assignment workflows, and grading — deployed with a modular Blueprint architecture

AI Therapy Chatbot

[GitHub](#)

AI mental health therapist chatbot

- Built a full-stack AI therapy chatbot (Python, Flask, React) to provide real-time, accessible emotional support
- Engineered a context-aware NLP engine using LLMs and LangChain to manage complex dialogue states and conversational memory
- Integrated Hugging Face Transformers for live sentiment analysis, dynamically adapting the AI's tone based on user distress levels
- Designed structured prompt architectures modeled on Cognitive Behavioral Therapy CBT for guided mood tracking and coping exercises

Achievements & Certificates

National Hackathon

2022-23 'National Hackathon' organized by COER

Hackathon Achievement

2024-25 'Hackathon' organized by DBU, Dehradun

Course: Full Stack Web Development

Certificate [🔗](#)

Course: C++ Tutorial

Udemy: 2023-24

Skills

- Languages:
- HTML
 - C
 - C++
 - Python
 - JAVA(basics)
 - SQL
 - CSS
 - JavaScript

- Tools and Technologies:
- Git
 - GitHub
 - SQLite
 - VS code

- Frameworks & Libraries
- Bootstrap
 - Flask
 - React

- Subjects:
- DSA
 - OOPs
 - DBMS
 - OS
